HAPPY SOCIAL EVENT

MEMBERS OF SHAKESPEARE CLUB
ENJOY THEMSELVES.

Dinner Courses Served at Different
Homes—List of Those Who Made up
the Party—New Departure.

A new departure in the way of social entertainment was inaugurated in Honolulu last night by the members of the Shakespeare Club, and, judging by the success of the affair, it probably will be followed by many more of the same kind. It took the form of a Progressive Dinner, and a few details may be of interest to those who were not fortunate enough to be present. The members met at the residence of Mr. and Mrs. Kennedy at 6 o'clock, where partners for the first course of the dinner were found by matching quotations from different books of the Author. At this house oysters and soup were served, and the party passed on to the Wichman residence, where the decorations were all of the fish net order, and fish was served. A short walk across the street and Mrs. Castle had the entree ready; then the roast course was had at Mrs. Lowrey's. At these houses cards appropriately decorated with denizens of the deep, or with quotations from Shakespeare added zest to the appetites of all.

After this the party embarked in busses, and the first stop was on Panahou street, where Mrs. Frear had salad awaiting the members of the club, but would allow no one to partake until a quotation appropriate to the occasion was given. Mrs. Dillingham then entertained the travelers with ice cream on her lanai, where some little time was spent. From here the ride was a pleasant one to Waikiki, and the view of Diamond Head by moonlight was enjoyed, as well as delicious coffee served by Mrs. Laws. A few songs and the party again took conveyance, this time through the Park and back to town by way of Moolili, and all voted it as pleasant an evening as they had ever spent.

The members present were Mr. and Mrs. Kennedy, Mr. and Mrs. Dillingham, Mr. and Mrs. Wichman, Rev. and Mrs. Emerson, Judge and Mrs. Frear, Rev. and Miss Birnie, Mr. and Mrs. E. A. Jones, Mr. and Mrs. Lowrey, Mr. and Mrs. Castle, Mr. and Mrs. Luvs.

EXHIBIT OF PORTRAITS

THE PUBLIC MAY SEE ARTIST
FRED YATES' WORK.

The Well Known Painter Will Soon
Leave Honolulu—A Sketch of His
Career—Will Go to Japan.

An invitation has been extended to Artist Fred Yates, by President Dole, that he exhibit his paintings at the Kilohana Art League before his departure for California. It is very likely that Mr. Yates will accept. If so, the exhibit will necessarily be made one day next week.

Mr. and Mrs. Yates will bid aloha to their Honolulu friends next week. They sail on the 29th per the City of Peking for San Francisco. Mr. Yates will then go to Japan to pursue his work, having decided not to go to London, as was his original intention.

Seven years ago the genius of Fred Yates was an inspiring force in San Francisco. It is felt there still; and his visit to the coast and to his father's home in Los Angeles next week will cause rejoicing to all Californians who know the artist and his work.

Mr. Yates is English born, and is now settled in London, but he is still an American in America. Mrs. Yates is a native of New Haven, Connecticut.

From his very early years, the strong inclination for art persisted in the face of opposition, and at the age of twenty-one, a desk in a mercantile house was abandoned for the atelier of M. Bonnat in Paris. Two or three years afterward, his family having come from England to San Francisco, the young man joined them, and there began the rugged first stages of his career. As often as means were accumulated he returned to England, France or Italy for a year or two of work. When the Art League was formed by a number of San Francisco students, Mr. Yates became their instructor, and his magnetic enthusiasm built up a colony of earnest workers. He was a well loved member of the Bohemian Club, which owns several portraits of his painting.

He painted portraits in California as good as those which afterwards won for him in the world's art-centers the full recognition he had missed here. It was in 1889 that the Dowager Marchioness of Downshire, having seen work of his, sent for him to execute commissions for her, and afterwards introduced him in London. The present visit is his first return to California since that time. In '94 he came as far as New York, but was recalled to paint a portrait of the Bishop of Portsmouth for presentation on an anniversary. He exhibits constantly in the Royal Academy and the New English Art Club; also in the Paris Salon.

The gift of portraiture is rare. To grasp the personality of the sitter and reproduce it so that the canvas seizes upon us with the power of life itself! Mr. Yates' attitude is indicated in these words of his own:

"We must not approach our work without feeling the absolute master over all its means of procedure. And yet at the same time to keep humble in spirit—these seem to me the absolutely necessary qualities that must go together if we are ever to do the true work."

WEALTHY CHINESE MARRIED.

Wedding at the Chinese Club Last
Evening.

There was a swell Chinese wedding in Chinatown last night, the contracting parties being a wealthy merchant of Kauai and a daughter of a prominent merchant of this city. A reception was tendered the bridal party after the ceremony at the Chinese club on the corner of Hotel and Maunakea streets. The event was further celebrated by a fusillade of fire crackers and bombs for nearly an hour. An immense crowd was attracted to the place by the fireworks. Permission was granted by the Marshal to make the noise, two policemen being present to prevent any possible accident.

ORCHESTRA ORGANIZED.

The Y. M. C. A. orchestra has been reorganized. Four new members have been added. The first rehearsal will be held at the Y. M. C. A. hall tomorrow evening. A selection of a leader will be made at the same time.

BRITISH SHIP COMING

WAR VESSEL ICARUS ON HER WAY
FROM VANCOUVER.

She Is Probably Coming for a Short
Stay and Then Will Leave for a
Cruise—Expected Daily.

According to an item in a Vancouver, B. C., paper, the British warship Icarus was to leave Esquimaux on January 3rd for this port.

British Vice Consul T. R. Walker said he had received no advices concerning the Icarus coming to Honolulu, but expressed no surprise at the news. Something definite, however, might come by the Coptic on the 23rd. Some scattering mail was in the Consulate for the ship, but no pouch had arrived. Mr. Walker expressed the opinion that the Icarus would go hence from here for a cruise among the islands to the South.

If the vessel left Esquimaux on the date mentioned her arrival may be looked for any time.

LICENSE FOR WAIKIKI

THE CABINET GRANTS ONE WITH
CERTAIN RESTRICTIONS.

If the Terms Are Satisfactory to Mr.
Peacock, the Big Hotel Will Soon Be
a Fact—To Be, First Class.

The big hotel project at Waikiki has at last been definitely settled, and in a short time work will be commenced on the structure. The Cabinet decided this morning to allow a license to be issued to W. C. Peacock under the conditions already known to the public. These were to the effect that drinks might be served to guests of the house and the proper conduct of the place. Mr. Peacock asked for modifications, among them being that bathers be classed as guests and entitled to like privileges. On account of not being able to properly or intelligently define what constituted a bather the request could not be complied with. The granting of the license carries with it the proviso that, in the event of any of the conditions being violated the Minister of the Interior to have the power of revoking the privilege.

Mr. Peacock was seen in regard to the above and he stated that as soon as he received an official reply from the Government an expression of opinion would be made. He did say, however, that if the terms of the license are satisfactory a company would be formed here with a competent board of directors to manage the concern and the original intention to erect a first class beach resort be carried out.

CONCERT AT THEATER.

Donald V. Graham and Madame Marquardt the Principals.

Honolulu is promised a high class concert. It will take place on next Tuesday evening at the theater. Donald V. Graham, the well known concert singer and Madame Marquardt, the harp soloist, will be the principals. They will arrive from San Francisco next Saturday.

Mr. Graham has been in Honolulu before, but did not appear in public at the time of his visit. Madame Marquardt will be pleasantly remembered by music lovers. She and her husband appeared in several concerts given in this city some time ago.

Seats will be on sale tomorrow morning at 9 o'clock at Wall, Nichols Co.

LIQUOR CASES.

The time of the police court was occupied this morning in hearing the liquor selling case against James Sherwood, proprietor of a Waikiki bathing resort. The evidence was not all in at noon and the case went over until tomorrow. Marshal Brown is leading the prosecution. Mr. Sherwood has retained Creighton & Correa.

A similar case against Ashworth was postponed until Saturday.

THEY WILL WED.

John Carreiro and Miss Maggie Silva will be married tomorrow evening at 6 o'clock at the Portuguese church on Miller street. The prospective bride has been employed in the millinery department of Sach's store. Mr. Carreiro is a blacksmith in the employ of Mr. Wright.

THE HOSPITAL GROUNDS

MAY BE ENLARGED BY GIFT OF
C. R. BISHOP.

Quarterly Meeting of Hospital Trustees—Different Reports Submitted—754 Patients Treated Last Year.

The large and beautiful lot fronting the Queen's hospital has been cleared and it has been quietly stated that its owner, Mr. Charles R. Bishop, will shortly deed it over to the trustees of the hospital. If this should be done the surroundings of the hospital would be greatly beautified by the addition. It would also throw the front of the hospital grounds on Beretania street. At present the grounds extend to Punchbowl street.

The quarterly meeting of the Board of Trustees of the Queen's hospital was held at 11 o'clock this morning in the Chamber of Commerce hall. Those present were: Messrs. James I. Dowsett, George W. Smith, J. B. Atherton, H. A. Widemann, Henry Waterhouse, Rev. Alex. Mackintosh, Tom May, Mark P. Robinson, E. F. Bishop, H. W. Schmidt and Secretary F. A. Schaefer. The physicians' report showed that there had been a large attendance in the hospital during the past quarter.

In his record for the year just closed Superintendent J. F. Eckardt gave the number of patients during 1896 at 754; 1895, 664; 1894, 655; 1893, 723 and 1892, 569. This shows that the attendance last year was larger than ever before. The death rate for the year was a little over nine per cent.

The Bishop, Foster and Corniot beds were occupied permanently during the year.

The visiting committee made a most favorable report of work accomplished during the past year. The committee chosen for the ensuing term consists of James I. Dowsett, C. P. Lauka and Henry Waterhouse.

The endowment fund of \$6,000 given the hospital by Mrs. Wm. G. Irwin was mentioned. The gracious gift was acknowledged by the board.

The Board decided to receive no more gold cure patients. The Hagye Institute was recognized as the proper place for such. It was determined that those people having operations performed at the hospital should be charged from \$10 to \$100 as the hospital physician might deem just.

The widening of Miller street, ten feet on the hospital side, was reported to the Board as being in progress.

Instructions were given for the repair of the bath rooms, refitting pipes and other improvements necessary.

ANOTHER DECISION.

A unanimous decision has been rendered by the Supreme Court in G. K. Kaloipahia vs. Kuna, exceptions from Circuit Court, First Circuit. The court was asked to set aside a judgment and grant a new trial on the ground that the findings of facts were contrary to the evidence. The case is an ejectment and judgment was secured in the lower court for the plaintiff for one-half of a certain parcel of land situate in Kaula, Honolulu. Exceptions overruled. Magoon & Edings for plaintiff; C. Brown for defendant.

COMPANY B AFFAIRS.

The liquidation of a debt amounting to \$341.35 was the chief topic under discussion at a business meeting of Company B after drill last night. It was agreed to secure voluntary subscriptions from the members. About \$150 has been raised and the remainder will be forthcoming from members of the company who can afford to advance the sum. The plan is to pay the subscriptions back in dividends from the company's allowance.

TALKED TO THE W. C. T. U.

Mr. J. H. Kirkpatrick, secretary of the Hagye Institute, made an address before the Woman's Christian Temperance Union in the Central Union church yesterday afternoon on the work of his institution. The Union, after extending a vote of thanks to Mr. Kirkpatrick, assured him of the loyal support of the society to the institute.

DIED.

BOLSTER—At Kohala, Hawaii, January 14, 1897, James H. Bolster, aged 26 years.

THE CABINET CONSENTS

WILLIAM GREIG WILL BE ALLOWED TO VISIT HONOLULU.

Will Take a Steamer from Here to Fiji—Schooner Viking Will Convey Him to Honolulu—An Exile.

President Dole said this morning that the Government had granted permission to William Greig to pass through Honolulu in order to reach Fiji, where his presence is needed in a suit in which he and other members of his family are interested. No pardon has been granted. Greig will likely spend several days here awaiting the arrival of one of the Canadian-Australian steamers.

WILLIAM GREIG.

George Greig, a brother of William, has been in Honolulu some time, and it was through his efforts and the mediation of friends that the requisite permission was given by the Cabinet. The schooner Viking has been chartered here and will go to Fanning Island and convey Greig to Honolulu. The brothers will then proceed to their destination.

GOOD MUSIC COMING.

It is stated that Donald V. Graham, the celebrated baritone, and Mrs. Marquardt, the harpist, will arrive by the Australia and give two concerts here. Harry Gillig, who has a fine voice, will probably also take a part. As accompanist the services of Oscar Herold have been engaged. There is certainly a treat in store for the music loving public of Honolulu. Mr. Graham's specialty is classic songs, such as the "Erl Koenig." There will be an opportunity of hearing something better than "A Bicycle Made for Two" and songs of that character.

CALIFORNIA MARKSMEN.

First Lieutenant E. A. Jacobson of Company B has received a letter from Lieut. Chas. H. Dasher, of the Stockton, Cal., company, who was in Honolulu recently on a visit. Lieut. Dasher stated that Company A, Sixth Infantry, National Guard of California, in the ten-man shoot with Company B, had scored 396 points.

This is a victory for the home company, whose score was 402. Company B team defeated the Stockton company on a former occasion. Lieut. Dasher says that his company is anxious to try again this spring.

"EVERY LITTLE HELPS."

The very smallest reduction made on staple dry goods at Kerr's means a great deal to purchasers. We are at present supplying about three-fourths of the population of Honolulu with dry goods, and are now straining a point or two to catch the remaining fourth. Will you help us to do it?
